

## Globalgap statement

**GEMERT, mei 2024**

Subject:

Declaration from Biemans Plantenkwekerij BV to demonstrate that your plant material grown by us meets all the requirements set in Global-Gap regarding the cultivation of plant material.

Dear relation,

Hereby you will receive a declaration from us of the plant material grown by us for the cultivation of leek, which meets the requirements as set in Directive 93/62/EC concerning the marketing of propagating material and planting material of vegetable crops with the exception of seeds, which are laid down in the inspection regulations of Naktuinbouw.

Supervision of compliance with the requirements is carried out by inspectors of Naktuinbouw.

The delivery notes as you receive them from us also serve as a plant passport or health certificate. In connection with the control of compliance with the Global-Gap requirements, it is important that you keep these documents.

All crop protection products used by us are registered. Proof of this is available on request.

We kindly but urgently request that you keep this letter with your delivery notes for Global-gap certification for the 2024 season.

Sincerely,

Biemans Plantenkwekerij BV  
Deel 70  
5421 RV GEMERT

Walter Biemans
